STARFLEET

The International Star Trek Fan Association, Inc.

By order of Starfleet Command, Department of Technical Services,
the following shuttlecraft is hereby authorized for service aboard the U.S.S. Tydirium:

SHUTTLE DAMASCUS

NCC-74930/01

Upon receiving confirmation from Starfleet Operations regarding final disposition of this embarked craft,
the shuttlecraft will be delivered to the Tydirium for inclusion in its inventory.

In the interim, please take the time to familiarize yourself with all design specifications and operating parameters
for the Shuttlecraft Damascus, in order to assure a smooth deployment when the time comes.

Stardate: 201611.27

Fleet Admiral Daniel Toole
Commander, STARFLEET

Admiral Johnathan "Gumby" Simmons
Acting Chief of Operations, STARFLEET
